What our students say about AEW

I enjoy my arts and crafts class it makes me feel relaxed and helps when I get anxious.

I am happy and enjoying my courses.
I am also learning a lot and making new friends

I have learnt about recycling materials and why we recycle them.
I am enjoying my courses.

I am really enjoying my courses because my confidence is better. I feel comfortable in my classes and I am making new friends. I really didn't like maths but I am beginning to enjoy it now.
I am enjoying my craft classes as I can show my mom what I am doing and we can do it together at home.

Coming to college is helping with my independence and physical health as I am coming to college independently and walking from the bus stop

Since I have been in the class it's been a help to me being able to learn on my cooking course, increased my confidence in continuation of life

Careers and Progression
