Issue 116 Friday 29th November 2024

Maths week at Penn Fields!

Students had the opportunity to explore Maths activities through a variety of exciting and practical ways!

We solved maths problems to solve an escape room, we measured ingredients and made chocolate chip cookies, we became architecture and built shape towers, we investigated prices for booking holiday and explored a variety of maths games! It has been a great week for our mathematicians! Well done everyone!

Science is Sweet

Students were looking at hidden sugars in our food. They estimated how much sugar was in the food. Students were shocked to find out how much hidden sugar was in the 51 gram Mars bar! (31 grams).

Let it Snow!

Oak class made the most of the snow and bought some inside and had a great time making snowmen and observing the snow melt to water.

This weeks sign of the week is: **Winter**.

Next Steps Careers Event Friday 6th December – 9.30am – 12pm

The event for Students and families of Key Stage 4 and 5 will be attended by local colleges who provide provision for students, who will present their offer to our young people as they prepare for adulthood.

They will also be available to answer any questions you may have and provide detailed information relevant to your child.

Please arrive from 9am via our main reception

We would be grateful if you could indicate if you are planning to attend this event by returning the slip on the letter sent to parents / carers.
